CODECAMP

Dylan Beattie @dylanbeattie

Schedule

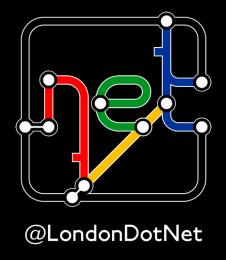

Day 1:		Day 2:	
09:30-09:45	Introduction and Welcome	09:30-09:45	Review & recap
09:45-10:15	Getting started with HTTP APIs	09:45-10:40	GraphQL
10:15-10:40	Documenting APIs with Swagger		Backends for Frontends (BFFs)
10:40-11:00	BREAK	10:40-11:00	BREAK
11:00-11:30	Advanced HTTP APIs	11:00-11:30	Monitoring and logging for distributed apps
11:30-12:30	REST and hypermedia	11:30-12:30	Introduction to gRPC and Protocol Buffers
12:30-13:30	LUNCH	12:30-13:30	LUNCH
13:30-14:30	Introducing messages queues	13:30-14:30	Integrating gRPC with ASP.NET
14:30-15:15	Messaging patterns and publish/subscribe	14:30-15:15	Cross-platform gRPC
15:15-15:30	BREAK	15:30-15:45	BREAK
15:30-17:00	Testing Hypermedia APIs	15:45-17:00	Connecting to the web: SignalR
	Testing Message Queues
